Dear Councillor **ADD NAME HERE**,

As your constituent I am asking that you vote against the proposal from the Green Party to remove the voting rights of Church Representatives on Edinburgh City Council's Education, Children and Families Committee.

I believe that this motion is directly related to Green Party Policy on education and is part of an overall agenda to remove faith schools from Scotlandⁱ. At a time when anti-Catholic sentiment is being felt by Scottish Catholics, Edinburgh City Council should reject this motion and declare their support for Catholic education and the Catholic community.

Edinburgh City Council has a reputation for being open, transparent and democratic, with elected members who actively listen to their constituents. I would therefore ask that you reply to this letter and confirm how you will vote when this motion is re-visited in August.

Yours sincerely,

Signature
